SALE OF MANUFACTURERS SURPLUS STOCK

At Prices Positively Reduced One-Third to More Than One Half from Actual Values.

The recent warm weather caused all manufacturers to be overwhelmed with surplus stocks, caused by cancellations, etc. These stocks had to be turned into cash at once, so we took advantage of the conditions and bought tremendous quantities of high class merchandise at rediculously low prices.

These sensational values, together with our own readjusted stocks, are now on sale proportionately reduced. This important event is without question the greatest bargain-giving sale of the year.

SEEK LEADERSHIP.

Representative Swager Sherley will be a candidate for the majority leadership of the House to succeed Representative Oscar Underwood, unless all signs fail. Sherley admits he is seriously seeking the position, as a result of the insistence of friends in and out of Congress. As the selection of a majority leader will not be made for over a year, there is no need to "get busy" on the proposition now, according to Mr. Sherley. On the theory that one cannot cross a bridge until one gets to it, Mr. Sherley declines to commit himself unreservedly in this connection.
